

THE "ROLL-A-WEIGH" ...

**You Can Use It
Anywhere
and
Everywhere!**

This portable scale features a 758CR weight indicator that can be mounted on the scale, or remotely on a wall or desk for convenient viewing and includes a 10' cable. Also offered is the 758CR indicator which is recessed in the side of the scale and readable from above. The built-in wheels permit the scale to be rolled by maintenance personnel anywhere it's needed. Integral handles make it easy to lift and lower into position. Setup is simple and quick with the "Roll-A-Weigh's" self-aligning feet and top side E-Z Level adjustment. Heavy-duty construction, the large safety plate platform with integral ramp, and the 500 lb or 1,000 lb capacity makes this the perfect scale for weighing dialysis patients, walk-ons, or patients in manual or power wheelchairs.
